## Tutorial: Add your NGO

Thank you for your interest in submitting your organization to the Arab NGO Directory, the recognized reference.

The following instruction will guide you how to add your organization to the Directory.

You could technically do all of the below on a mobile phone, but it is better to do so on tablet or preferably on a Mac or PC.

If you are a registered Civil Society Organization in operating in an Arab country, then you have come to the right place.

Once you are ready, please ensure you complete the forms entirely for registration, as incomplete and incorrect submittals will be discarded.

**This listing is for officially recognized and registered organizations only.**

Organizations involved in spreading hate and/or instigating violence against anyone and/or organizations supporting the usage of weapons will not be approved and will have their entries deleted.

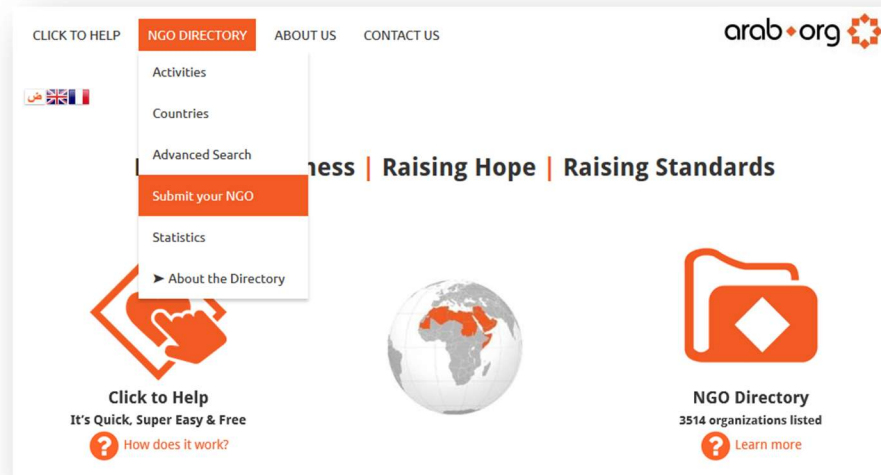

arab.org and The Olive Tree SAL does not sponsor or endorse in any way the organizations listed within the directory, nor their affiliates or sister agencies.

Listing on arab.org is a privilege and not a right and therefore it is left to the sole discretion of arab.org for approving or not approving listings.
